An amount of state general fund money equal to two times the fiscal year 2003 appropriation from the general fund for all K-12 public education funding, plus any amount in excess of the estimated unreserved general fund balance at the end of the 2003 biennium, is reserved for the 58th legislature for the purpose of refining or replacing the current K-12 public education funding formula and structure pursuant to recommendations generated by the interim school funding study. The excess estimated unreserved general fund balance is the difference between the projected reserved ending general fund balance at the end of the 2003 biennium as reported in the 2005 biennium Legislative Budget Analysis Report and the projected balance in the Legislative Fiscal Report prepared at the end of the 2001 legislative session. If this difference is less than zero, then the excess is zero. (b) [section 9 of this act], amending 19-3-2126, is amended to read:

~~“19-3-2126. (Effective on occurrence of contingency or July 1, 2002, whichever is earlier) Minimum Refunds — minimum account balance required for membership after termination — adjustment by rule. (1) (a) If a member’s account balance is less than \$5,000 at the time that the member terminates covered employment, the member shall terminate plan membership by removing the member’s account balance from the plan in a manner provided pursuant to 19-3-2123.~~

(2) Except as provided in [section 2], a nonvested member who terminates from service and whose vested account balance is less than \$200 must be paid the vested account balance in a lump sum. The payment must be made as soon as administratively feasible after the member’s termination without a written application from the member.

(3) Except as provided in [section 2], unless a written application is made pursuant to subsection (4)(a), a nonvested member who terminates from service and whose vested account balance is between \$200 and \$5,000 must be paid the vested account balance in a lump sum. The payment must be made as soon as administratively feasible after the member’s termination.

To receive the direct rollover distribution, the member is responsible for correctly designating, on forms provided by the board, a retirement plan that allows the rollover and is qualified under applicable federal law. The direct rollover distribution must be paid directly to the qualified retirement plan.

(b) Except as provided in [section 2], the amount of the member’s vested account balance not eligible for a direct rollover distribution under subsection (4)(a) must be paid to the member in a lump sum.

~~(2)(5)~~ The board may by rule adjust the minimum account balance provided in this section as necessary to maintain reasonable administrative costs and to account for inflation.”

"15-1-111. (Temporary) Reimbursement to local governments and schools — duties of department and county treasurer — statutory appropriation. (1) Prior to September 1, 1990, the department's agent in the county shall supply the following information to the department for each taxing jurisdiction within the county:

(a) the number of mills levied in the jurisdiction for tax year 1989;

(b) the number of mills levied in the jurisdiction for tax year 1990;

(c) the total taxable valuation for tax years 1989 and 1990, reported separately for each year, of all personal property not secured by real property; and

(d) the total taxable valuation for tax years 1989 and 1990, reported separately for each year, of all personal property secured by real property.

(2) After receipt of the information from its agent, the department shall calculate the amount of revenue lost to each taxing jurisdiction, using current year mill levies, due to the annual reduction in personal property tax rates set forth in 15-6-138, prior to 1994, and any reduction in taxes based upon recalculation of the effective tax rate for property in 15-6-145, prior to 1994. The department shall total the amounts for all taxing jurisdictions within the county.

(3) (a) The department shall remit to the county treasurer 50% of the amount of revenue reimbursable, determined pursuant to subsection (1), on or before November 30 and the remaining 50% on or before May 31.

(b) For tax year 1993 through tax year 1998, the department shall remit to the county treasurer of each county the same amount remitted to the county treasurer for the fiscal year 1991, as adjusted by the result of dissolved or combined taxing jurisdictions, as provided for in subsection (7). Fifty percent of the amount must be remitted on or before November 30 and the remaining 50% on or before May 31.

(c) (i) ~~For tax year 1999 through tax year 2008 each succeeding tax year, the department shall remit to the county treasurer of each county the same amount remitted to the county treasurer for the fiscal year 1991, progressively reduced by 10% of the 1991 amount each year, in accordance with the following schedule:~~

(ii) The amount remitted must be adjusted by the result of dissolved or combined taxing jurisdictions, as provided for in subsection (7). Fifty percent of the amount must be remitted on or before November 30 and the remaining 50% on or before May 31.

(4) Upon receipt of the reimbursement from the department, the county treasurer shall distribute the reimbursement to each taxing jurisdiction as calculated by the department.

(5) For the purposes of this section and subject to subsection (7), "taxing jurisdiction" means a jurisdiction levying mills against personal property and includes but is not limited to a county, city, school district, tax increment financing district, and miscellaneous taxing district and the state of Montana.

(6) The amounts necessary for the administration of this section are statutorily appropriated, as provided in 17-7-502, from the general fund to reimburse eligible taxing jurisdictions for reductions in tax rates on personal property.

(7) The following apply to taxing jurisdictions that were altered after tax year 1989:

(a) A taxing jurisdiction that existed in tax year 1989 and that no longer exists is not entitled to reimbursement under this section.

(b) A taxing jurisdiction that existed in tax year 1989 and that is split into two or more taxing jurisdictions or that is annexed to or is consolidated with another taxing jurisdiction is entitled to reimbursement based on the portion of 1989 taxable value within each new taxing jurisdiction. The department shall determine the portion of 1989 taxable value located in each taxing jurisdiction.

(c) A taxing jurisdiction that did not exist in tax year 1989 is not entitled to reimbursement under this section unless the jurisdiction was created as described in subsection (7)(b). (Repealed effective July 1, 2008—secs. 66(2), 68(2), Ch. 422, L. 1997.)”

“Section 88. Section 15-1-112, MCA, is amended to read:

“15-1-112. Business equipment tax rate reduction reimbursement to local government taxing jurisdictions. (1) On or before January 1, 1996, for the reduction in payment under subsection (4) and by June 1 of 1996, 1997, and 1998 for all other reimbursements in this section, the department of revenue shall determine a reimbursement amount associated with reducing the tax rate in 15-6-138 and provide that information to each county treasurer. The reimbursement amount must be determined for each local government taxing jurisdiction that levied mills on the taxable value of property described in 15-6-138 in the corresponding tax year. However, the reimbursement does not apply to property described in 15-6-138 that has a reduced tax rate under 15-24-1402.

(2) (a) The reimbursement amount to be used as the basis for the payment reduction under subsection (4) is the product of multiplying the tax year 1995 taxable value of property described in 15-6-138 for each local government taxing jurisdiction by the tax year 1995 mill levy for the jurisdiction and then multiplying by 1/9th.

(b) (i) The reimbursement amount for each local government taxing jurisdiction for tax year 1996 is the amount determined under subsection (2)(a) unless the tax year 1996 market value of property described in 15-6-138, for the particular local government taxing jurisdiction, is more than the tax year 1995 market value for property described in 15-6-138 in the same jurisdiction.

(ii) If the tax year 1996 market value is greater than the tax year 1995 market value for a particular jurisdiction, then the reimbursement amount for tax year 1996 is the result of subtracting the simulated 1996 tax from the 1995 tax. The 1995 tax is the tax for the particular jurisdiction, determined by multiplying the actual taxable valuation of property described in 15-6-138, for tax year 1995, by the tax year 1995 mill levy for the jurisdiction. The simulated 1996 tax for the particular jurisdiction is the actual tax year 1996 taxable value of property described in 15-6-138 multiplied by the tax year 1995 mill levy for the particular jurisdiction. If the simulated 1996 tax is greater than the 1995 tax, the reimbursement amount is zero.

(c) (i) The reimbursement amount for each local government taxing jurisdiction for tax year 1997 is the amount determined under subsection (2)(a) multiplied by two unless the tax year 1997 market value of property described in 15-6-138, for the particular local government taxing jurisdiction, is more than the tax year 1995 market value for property described in 15-6-138 in the same jurisdiction.

(ii) If the tax year 1997 market value is greater than the tax year 1995 market value for a particular jurisdiction, then the reimbursement amount for tax year 1997 is the result of subtracting the simulated 1997 tax from the 1995 tax. The 1995 tax is the tax for the particular jurisdiction, determined by multiplying the actual taxable valuation of property described in 15-6-138, for tax year 1995, by the tax year 1995 mill levy for the jurisdiction. The simulated 1997 tax for the particular jurisdiction is the actual tax year 1997 taxable value of property described in 15-6-138 multiplied by the tax year 1995 mill levy for the particular jurisdiction. If the simulated 1997 tax is greater than the 1995 tax, the reimbursement amount is zero.

(d) (i) The reimbursement amount for each local government taxing jurisdiction for tax year 1998 is the amount determined under subsection (2)(a) multiplied by three unless the tax year 1998 market value of property described in 15-6-138, for the particular local government taxing jurisdiction, is more than the tax year 1995 market value for property described in 15-6-138 in the same jurisdiction.

(ii) If the tax year 1998 market value is greater than the tax year 1995 market value for a particular jurisdiction, then the reimbursement amount for tax year 1998 is the result of subtracting the simulated 1998 tax from the 1995 tax. The 1995 tax is the tax for the particular jurisdiction, determined by multiplying the actual taxable valuation of property described in 15-6-138, for tax year 1995, by the tax year 1995 mill levy for the jurisdiction. The simulated 1998 tax for the particular jurisdiction is the actual tax year 1998 taxable value of property described in 15-6-138 multiplied by the tax year 1995 mill levy for the particular jurisdiction. If the simulated 1998 tax is greater than the 1995 tax, the reimbursement amount is zero.

(3) (a) For purposes of this section, “local government taxing jurisdiction” means a local government rather than a state taxing jurisdiction that levied mills against property described in 15-6-138, including county governments, incorporated city and town governments,

consolidated county and city governments, tax increment financing districts, local elementary and high school districts, local community college districts, miscellaneous districts, and special districts. The term includes countywide mills levied for equalization of school retirement or transportation.

(b) The term does not include county or state school equalization levies provided for in 20-9-331, 20-9-333, and 20-9-360. It also does not include any state levy for welfare programs provided for in 53-2-813.

(c) Each tax increment financing district must receive the benefit of the state mill on the incremental taxable value of the district.

(4) County treasurers shall reduce the county payment to the state for the levy imposed under 20-9-360 in June of 1996 by an amount equal to 38% of the reimbursement amount determined under subsection (2)(a) for all of the local government taxing jurisdictions in the county.

(5) County treasurers shall reduce the county payment to the state for the levy imposed under 20-9-360 in December of 1996 by an amount equal to 31% of the reimbursement amount for tax year 1996 for all of the local government taxing jurisdictions in the county, as determined by the department under subsection (2).

(6) County treasurers shall reduce the county payment to the state for the levy imposed under 20-9-360 in June of 1997 by an amount equal to 31% of the reimbursement amount for tax year 1996 for all of the local government taxing jurisdictions in the county and by an amount equal to 38% of the reimbursement amount for tax year 1997 for all of the local government taxing jurisdictions in the county, as determined by the department under subsection (2).

(7) County treasurers shall reduce the county payment to the state for the levy imposed under 20-9-360 in December of 1997 by an amount equal to 31% of the reimbursement amount for tax year 1997 for all of the local government taxing jurisdictions in the county, as determined by the department under subsection (2).

(8) County treasurers shall reduce the county payment to the state for the levy imposed under 20-9-360 in June of 1998 by an amount equal to 31% of the reimbursement amount for tax year 1997 for all of the local government taxing jurisdictions in the county and by an amount equal to 38% of the reimbursement amount for tax year 1998 for all of the local government taxing jurisdictions in the county, as determined by the department under subsection (2).

(9) County treasurers shall reduce the county payment to the state for the levy imposed under 20-9-360 in December of 1998 by an amount equal to 31% of the reimbursement amount for tax year 1998 for all of the local government taxing jurisdictions in the county, as determined by the department under subsection (2).

(10) County treasurers shall reduce the county payment to the state for the levy imposed under 20-9-360 in June of 1999 by an amount equal to 69% of the reimbursement amount for tax year 1998 for all of the local government taxing jurisdictions in the county, as determined by the department under subsection (2).

(11) County treasurers shall reduce the county payment to the state for the levy imposed under 20-9-360 in December of ~~the years 1999 through 2007~~ each year by an amount equal to 31% of the reimbursement amount determined in subsection (13) for all of the local government taxing jurisdictions in the county, as determined by the department under subsection (2).

(12) County treasurers shall reduce the county payment to the state for the levy imposed under 20-9-360 in June of ~~the years 2000 through 2008~~ each year by an amount equal to 69% of the reimbursement amount determined in subsection (13) for all of the local government taxing jurisdictions in the county, as determined by the department under subsection (2).

(13) (a) The reimbursement amount for ~~tax year 1999 and each subsequent tax year for 9 years must be progressively reduced each year by 10%~~ is 70% of the reimbursement amount for tax year 1998, according to the following schedule:

Tax Year	Percentage of 1998 Reimbursement Amount
1999	90
2000	80
2001	70
2002	60

2003	50
2004	40
2005	30
2006	20
2007	10
2008 and following years	0.

(b) The reimbursement amount for each tax year must be the basis for reducing the amount remitted to the state for the levy imposed under 20-9-360 in December of the same year and June of the following year.

(14) The county treasurer shall use the funds from the reduced payment to the state for the levy imposed under 20-9-360 to reimburse each local government taxing jurisdiction in the amount determined by the department under subsection (2). The reimbursement must be distributed to funds within local government taxing jurisdictions in the same manner as taxes on property described in 15-6-138 are distributed. The reimbursement in June must be distributed based on the prior year's mill levy, and the reimbursement in December must be based on the current year's mill levy.

(15) Each local government taxing jurisdiction receiving reimbursements shall consider the amount of reimbursement that will be received and lower the mill levy otherwise necessary to fund the budget by the amount that would otherwise have to be raised by the mill levy.

(16) A local government taxing jurisdiction that ceases to exist after October 1, 1995, will no longer be considered for revenue loss or reimbursement purposes. A local government taxing jurisdiction that is created after January 1, 1996, will not be considered for revenue loss or reimbursement purposes. If a local government taxing jurisdiction that existed prior to January of 1996 is split between two or more taxing jurisdictions or is annexed to or is consolidated with another taxing jurisdiction, the department shall determine how much of the revenue loss and reimbursement is attributed to the new jurisdictions."

“15-1-111. (Temporary) Reimbursement to local governments and schools — duties of department and county treasurer — statutory appropriation. (1) Prior to September 1, 1990, the department’s agent in the county shall supply the following information to the department for each taxing jurisdiction within the county:

- (a) the number of mills levied in the jurisdiction for tax year 1989;
- (b) the number of mills levied in the jurisdiction for tax year 1990;
- (c) the total taxable valuation for tax years 1989 and 1990, reported separately for each year, of all personal property not secured by real property; and
- (d) the total taxable valuation for tax years 1989 and 1990, reported separately for each year, of all personal property secured by real property.

(2) After receipt of the information from its agent, the department shall calculate the amount of revenue lost to each taxing jurisdiction, using current year mill levies, due to the annual reduction in personal property tax rates set forth in 15-6-138, prior to 1994, and any reduction in taxes based upon recalculation of the effective tax rate for property in 15-6-145, prior to 1994. The department shall total the amounts for all taxing jurisdictions within the county.

(3) (a) The department shall remit to the county treasurer 50% of the amount of revenue reimbursable, determined pursuant to subsection (1), on or before November 30 and the remaining 50% on or before May 31.

(b) For tax year 1993 through tax year 1998, the department shall remit to the county treasurer of each county the same amount remitted to the county treasurer for the fiscal year 1991, as adjusted by the result of dissolved or combined taxing jurisdictions, as provided for in subsection (7). Fifty percent of the amount must be remitted on or before November 30 and the remaining 50% on or before May 31.

(c) (i) ~~For tax year 1999 through tax year 2008 each succeeding tax year,~~ the department shall remit to the county treasurer of each county the same amount remitted to the county treasurer for the fiscal year 1991, ~~progressively reduced by 10% of the 1991 amount each year, in accordance with the following schedule:~~

(ii) The amount remitted must be adjusted by the result of dissolved or combined taxing jurisdictions, as provided for in subsection (7). Fifty percent of the amount must be remitted on or before November 30 and the remaining 50% on or before May 31.

(4) Upon receipt of the reimbursement from the department, the county treasurer shall distribute the reimbursement to each taxing jurisdiction as calculated by the department.

(5) For the purposes of this section and subject to subsection (7), "taxing jurisdiction" means a jurisdiction levying mills against personal property and includes but is not limited to a county, city, school district, tax increment financing district, and miscellaneous taxing district and the state of Montana.

(6) The amounts necessary for the administration of this section are statutorily appropriated, as provided in 17-7-502, from the general fund to reimburse eligible taxing jurisdictions for reductions in tax rates on personal property.

(7) The following apply to taxing jurisdictions that were altered after tax year 1989:

(a) A taxing jurisdiction that existed in tax year 1989 and that no longer exists is not entitled to reimbursement under this section.

(b) A taxing jurisdiction that existed in tax year 1989 and that is split into two or more taxing jurisdictions or that is annexed to or is consolidated with another taxing jurisdiction is entitled to reimbursement based on the portion of 1989 taxable value within each new taxing jurisdiction. The department shall determine the portion of 1989 taxable value located in each taxing jurisdiction.

(c) A taxing jurisdiction that did not exist in tax year 1989 is not entitled to reimbursement under this section unless the jurisdiction was created as described in subsection (7)(b). (Repealed effective July 1, 2008—secs. 66(2), 68(2), Ch. 422, L. 1997.)"

"Section 88. Section 15-1-112, MCA, is amended to read:

"15-1-112. Business equipment tax rate reduction reimbursement to local government taxing jurisdictions. (1) On or before January 1, 1996, for the reduction in payment under subsection (4) and by June 1 of 1996, 1997, and 1998 for all other reimbursements in this section, the department of revenue shall determine a reimbursement amount associated with reducing the tax rate in 15-6-138 and provide that information to each county treasurer. The reimbursement amount must be determined for each local government taxing jurisdiction that levied mills on the taxable value of property described in 15-6-138 in the corresponding tax year. However, the reimbursement does not apply to property described in 15-6-138 that has a reduced tax rate under 15-24-1402.

(2) (a) The reimbursement amount to be used as the basis for the payment reduction under subsection (4) is the product of multiplying the tax year 1995 taxable value of property described in 15-6-138 for each local government taxing jurisdiction by the tax year 1995 mill levy for the jurisdiction and then multiplying by 1/9th.

(b) (i) The reimbursement amount for each local government taxing jurisdiction for tax year 1996 is the amount determined under subsection (2)(a) unless the tax year 1996 market value of property described in 15-6-138, for the particular local government taxing jurisdiction, is more than the tax year 1995 market value for property described in 15-6-138 in the same jurisdiction.

(ii) If the tax year 1996 market value is greater than the tax year 1995 market value for a particular jurisdiction, then the reimbursement amount for tax year 1996 is the result of subtracting the simulated 1996 tax from the 1995 tax. The 1995 tax is the tax for the particular jurisdiction, determined by multiplying the actual taxable valuation of property described in 15-6-138, for tax year 1995, by the tax year 1995 mill levy for the jurisdiction. The simulated 1996 tax for the particular jurisdiction is the actual tax year 1996 taxable value of property described in 15-6-138 multiplied by the tax year 1995 mill levy for the particular jurisdiction. If the simulated 1996 tax is greater than the 1995 tax, the reimbursement amount is zero.

(c) (i) The reimbursement amount for each local government taxing jurisdiction for tax year 1997 is the amount determined under subsection (2)(a) multiplied by two unless the tax year 1997 market value of property described in 15-6-138, for the particular local government taxing

jurisdiction, is more than the tax year 1995 market value for property described in 15-6-138 in the same jurisdiction.

(ii) If the tax year 1997 market value is greater than the tax year 1995 market value for a particular jurisdiction, then the reimbursement amount for tax year 1997 is the result of subtracting the simulated 1997 tax from the 1995 tax. The 1995 tax is the tax for the particular jurisdiction, determined by multiplying the actual taxable valuation of property described in 15-6-138, for tax year 1995, by the tax year 1995 mill levy for the jurisdiction. The simulated 1997 tax for the particular jurisdiction is the actual tax year 1997 taxable value of property described in 15-6-138 multiplied by the tax year 1995 mill levy for the particular jurisdiction. If the simulated 1997 tax is greater than the 1995 tax, the reimbursement amount is zero.

(d) (i) The reimbursement amount for each local government taxing jurisdiction for tax year 1998 is the amount determined under subsection (2)(a) multiplied by three unless the tax year 1998 market value of property described in 15-6-138, for the particular local government taxing jurisdiction, is more than the tax year 1995 market value for property described in 15-6-138 in the same jurisdiction.

(ii) If the tax year 1998 market value is greater than the tax year 1995 market value for a particular jurisdiction, then the reimbursement amount for tax year 1998 is the result of subtracting the simulated 1998 tax from the 1995 tax. The 1995 tax is the tax for the particular jurisdiction, determined by multiplying the actual taxable valuation of property described in 15-6-138, for tax year 1995, by the tax year 1995 mill levy for the jurisdiction. The simulated 1998 tax for the particular jurisdiction is the actual tax year 1998 taxable value of property described in 15-6-138 multiplied by the tax year 1995 mill levy for the particular jurisdiction. If the simulated 1998 tax is greater than the 1995 tax, the reimbursement amount is zero.

(3) (a) For purposes of this section, "local government taxing jurisdiction" means a local government rather than a state taxing jurisdiction that levied mills against property described in 15-6-138, including county governments, incorporated city and town governments, consolidated county and city governments, tax increment financing districts, local elementary and high school districts, local community college districts, miscellaneous districts, and special districts. The term includes countywide mills levied for equalization of school retirement or transportation.

(b) The term does not include county or state school equalization levies provided for in 20-9-331, 20-9-333, and 20-9-360. It also does not include any state levy for welfare programs provided for in 53-2-813.

(c) Each tax increment financing district must receive the benefit of the state mill on the incremental taxable value of the district.

(4) County treasurers shall reduce the county payment to the state for the levy imposed under 20-9-360 in June of 1996 by an amount equal to 38% of the reimbursement amount determined under subsection (2)(a) for all of the local government taxing jurisdictions in the county.

(5) County treasurers shall reduce the county payment to the state for the levy imposed under 20-9-360 in December of 1996 by an amount equal to 31% of the reimbursement amount for tax year 1996 for all of the local government taxing jurisdictions in the county, as determined by the department under subsection (2).

(6) County treasurers shall reduce the county payment to the state for the levy imposed under 20-9-360 in June of 1997 by an amount equal to 31% of the reimbursement amount for tax year 1996 for all of the local government taxing jurisdictions in the county and by an amount equal to 38% of the reimbursement amount for tax year 1997 for all of the local government taxing jurisdictions in the county, as determined by the department under subsection (2).

(7) County treasurers shall reduce the county payment to the state for the levy imposed under 20-9-360 in December of 1997 by an amount equal to 31% of the reimbursement amount for tax year 1997 for all of the local government taxing jurisdictions in the county, as determined by the department under subsection (2).

(8) County treasurers shall reduce the county payment to the state for the levy imposed under 20-9-360 in June of 1998 by an amount equal to 31% of the reimbursement amount for tax year 1997 for all of the local government taxing jurisdictions in the county and by an amount equal to 38% of the reimbursement amount for tax year 1998 for all of the local government taxing jurisdictions in the county, as determined by the department under subsection (2).

(9) County treasurers shall reduce the county payment to the state for the levy imposed under 20-9-360 in December of 1998 by an amount equal to 31% of the reimbursement amount for tax year 1998 for all of the local government taxing jurisdictions in the county, as determined by the department under subsection (2).

(10) County treasurers shall reduce the county payment to the state for the levy imposed under 20-9-360 in June of 1999 by an amount equal to 69% of the reimbursement amount for tax year 1998 for all of the local government taxing jurisdictions in the county, as determined by the department under subsection (2).

(11) County treasurers shall reduce the county payment to the state for the levy imposed under 20-9-360 in December of ~~the years 1999 through 2007 each year~~ by an amount equal to 31% of the reimbursement amount determined in subsection (13) for all of the local government taxing jurisdictions in the county, as determined by the department under subsection (2).

(12) County treasurers shall reduce the county payment to the state for the levy imposed under 20-9-360 in June of ~~the years 2000 through 2008 each year~~ by an amount equal to 69% of the reimbursement amount determined in subsection (13) for all of the local government taxing jurisdictions in the county, as determined by the department under subsection (2).

(13) (a) ~~The reimbursement amount for tax year 1999 and each subsequent tax year for 9 years must be progressively reduced each year by 10% is 70% of the reimbursement amount for tax year 1998, according to the following schedule:~~

Tax Year	Percentage of 1998 Reimbursement Amount
1999	90
2000	80
2001	70
2002	60
2003	50
2004	40
2005	30
2006	20
2007	10
2008 and following years	0.

(b) The reimbursement amount for each tax year must be the basis for reducing the amount remitted to the state for the levy imposed under 20-9-360 in December of the same year and June of the following year.

(14) The county treasurer shall use the funds from the reduced payment to the state for the levy imposed under 20-9-360 to reimburse each local government taxing jurisdiction in the amount determined by the department under subsection (2). The reimbursement must be distributed to funds within local government taxing jurisdictions in the same manner as taxes on property described in 15-6-138 are distributed. The reimbursement in June must be distributed based on the prior year's mill levy, and the reimbursement in December must be based on the current year's mill levy.

(15) Each local government taxing jurisdiction receiving reimbursements shall consider the amount of reimbursement that will be received and lower the mill levy otherwise necessary to fund the budget by the amount that would otherwise have to be raised by the mill levy.

(16) A local government taxing jurisdiction that ceases to exist after October 1, 1995, will no longer be considered for revenue loss or reimbursement purposes. A local government taxing jurisdiction that is created after January 1, 1996, will not be considered for revenue loss or reimbursement purposes. If a local government taxing jurisdiction that existed prior to January of 1996 is split between two or more taxing jurisdictions or is annexed to or is consolidated with another taxing jurisdiction, the department shall determine how much of the revenue loss and reimbursement is attributed to the new jurisdictions."
